

# **Freedom, Freedom , Freedom** **From Tehran to Beijing...to entire world:** **Freedom of life! Totally,Globally, and here and now!**

**Freedom means life**, means humanity, means fighting against living in compulsory life!  
Freedom means fighting for life against death! Fighting for humanity against submission, against lockdown, against imprisonment, against “health and moral” terror.  
**Freedom against** all forms and practices of punishment, of confinement, of fear and its slow and sudden death!

## **Infinite Freedom for flourishing life!**

“**Free life**”, “ **freedom of living**”.. against repression, militarization, submission, health disciplines, sacrifices and imprisonment. Against poverty of health, of economy, of climate polices and ideologies ...  
Freedom! From dictatorship of capital, of State, of Money, of Health, of digital police, , Media of intoxication and life deformation! Moral of separation, of submission, of Shame, of respecting and obey to the power....

**Social struggle  
for free life !  
Against capital  
life, against  
State terror**

**battle of freedom : against absolute power!**

a protest against coronavirus disease (COVID-19) curbs in Shanghai, China, November 27

slogans against zero-Covid, Shanghai:

***“We want freedom! We want freedom!”***

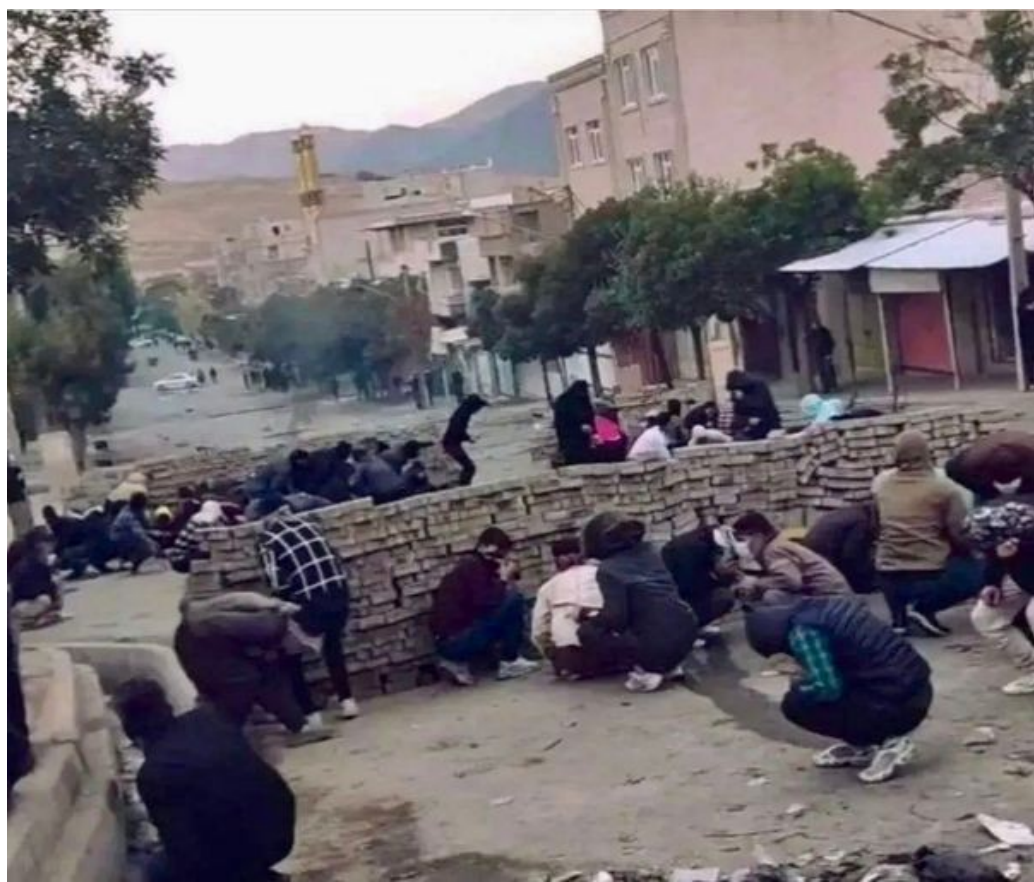

**From social struggle in China:**

***“ Rise-up ..refuse to be slaves! We don't want nucleic acid testing, we want food to eat; We don't want lockdowns, we want freedom; We don't want lies, we want dignity..we want to eat. We want to be free . Go on strike at school and work..”***

**“Say no to lockdown, yes to freedom. No to Covid test, yes to food,”** read the message written in red paint, echoing the slogan of a protest that took place on a Beijing overpass in October..

**“we want to eat. We want to be free” . “Open your eyes and look at the world, dynamic zero-Covid is a lie”** , the protest slogan at Peking University read. The student said security guards later covered the slogan with black paint.

Iran- Mahabad  
the same social  
struggle! Against the  
same global terror!

**China- breaks down street barriers as anger over Covid restrictions boils over**

**Night demonstration  
of Students at the  
Communication  
University of China**

**Free life, free health, free wellbeing, Free interactions and full social living.. against passive health, paralyze, numbness and dependency!**

Against imprisonment of life! Against the whole fabrication history of microorganism, of virus, of pandemic, of health and its design measures and control! ( Control through power and capital ! Through submission to terror of Money, of Vaccine, of bias, of **health measures, of digital control and its passive (empty) life** ( living in the mercy,

fear and terror of health dictatorship! of “Health policy” , of **weaken humanity and it unpleasant death**).

**Freedom against: Capital life! Today's life! Life now! This life!**

**Freedom against this plastic – inhuman and toxic life**

**Freedom against this life ..**

**and this life**

**Freedom against  
this life .. this  
control... this  
power... this  
health “service-  
police”...**

**Our misery, our sacrifices, our fear and submission.. is their power! Our  
freedom, our flourishing, our passion for life and humanity is their death, is  
abolition of their system , is opposite to their power !**

**This is the red line!**

**Freedom from, and against, their power!**

**Freedom in total negation to their interest! To their Saltant! to their mercy, to their policy, to their moral-passion (for power, for Money, and Capital.. over and against human life)!**
